

## YANMAR DIESEL CONTROL PANELS

### EC150 Manual Control Panel

- Manual key start operation
- 100 hour countdown timer
- LCD status display

### Engine Protection

- Low oil pressure
- High engine temperature
- Low engine coolant level
- Alternator / fan belt failure
- Over speeding engine
- Zero / low RPM
- Last-out fault indicator

### Pump Mode Operation

- High / low pump pressure sensing
- Sender lockout timer

### ACP200 Automatic Control Panel

- Automatic control via inbuilt 24/7 timer
- Automatic control via irrigation controller
- Automatic control via external sensor
- Manual control with countdown timer
- LCD status display

### Engine Protection / Pump Mode Operation

- As per EC150

## DIESEL IRRIGATION PACKS

Davey Diesel Irrigation Packs are an ideal way of providing water supply in areas that don't have access to electric power or as a means of back-up in case the electric power fails.

Davey Diesel Irrigation Packs are available in a range of models from 11kW up to 223kW to suit applications such as irrigation, water supply or de-watering.

## FEATURES & BENEFITS

### Fully Assembled

Davey Diesel Irrigation Packs come completely assembled with a Yanmar or Perkins engine and Davey ISOspec® pump mounted in perfect alignment on a high quality, heavy duty, galvanized steel base allowing easy site installation and a trouble free operating life.

Also included in the pack is the control panel and pressure transducer.

### Control Panel

Comes complete with your choice of either a manual (key start) control panel (EC150\*) for lower capital investment or a fully programmable automatic control panel (ACP200\*) for complete control where automatic timer starting or starting via an external sensor is required (i.e. frost control).

### Engine Protection

Davey Diesel Irrigation Packs are fitted with full engine protection with a last-out indicator\*. Protection includes low oil pressure, high coolant water temperature, loss of coolant\*, fan belt breakage, low battery volts and pump pressure cut-out.

### Continuous Operation

Designed and rated for continuous operation in order to run reliably for hour after hour in order to suit the typical run times of applications such as irrigation, water supply and de-watering.

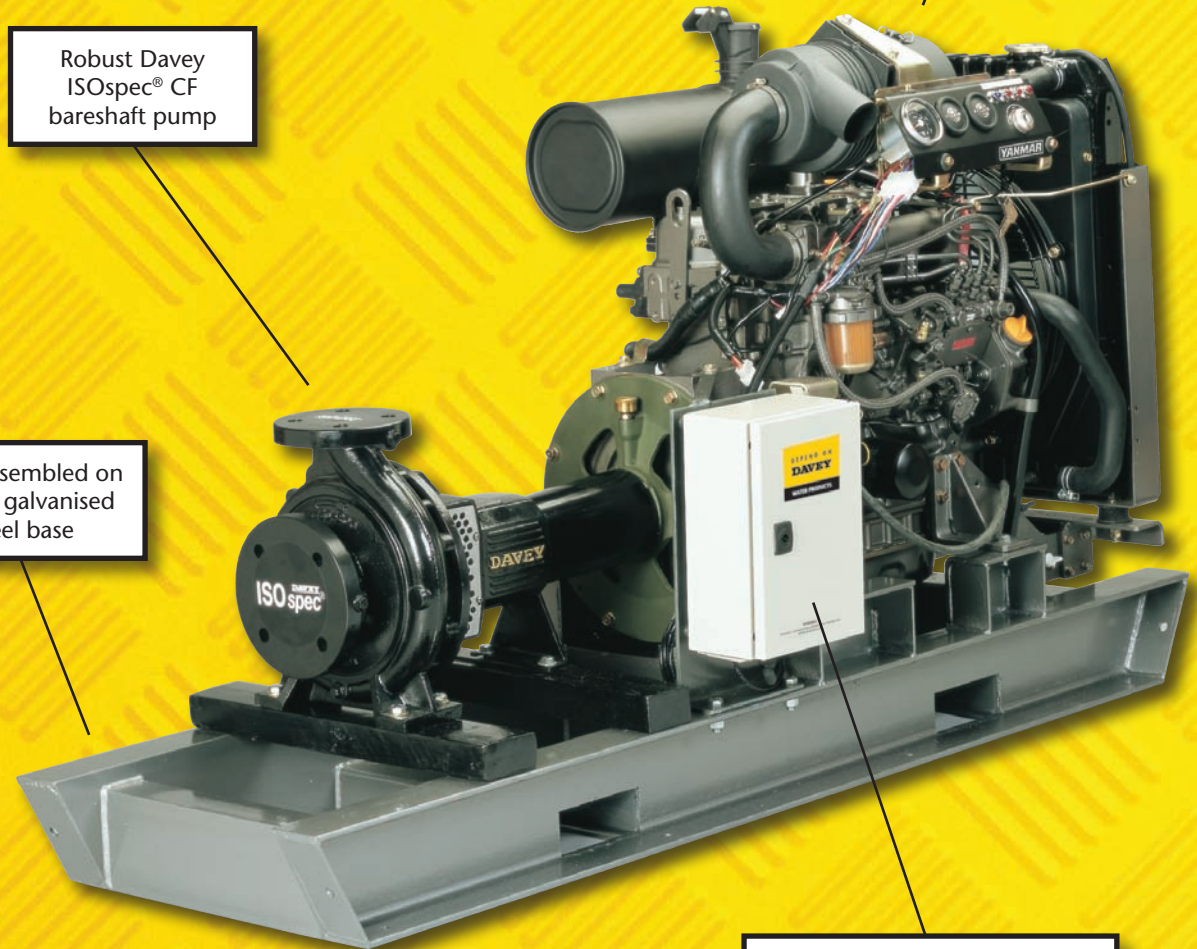

\*Yanmar engines only.

## DIESEL IRRIGATION PACK

Robust Davey ISOspec® CF bareshaft pump

Fully assembled on sturdy galvanised steel base

Quality Yanmar or Perkins diesel engine

Choice of manual or automatic control box
